|---------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product code:</b>      | <b>26.SA.0</b>                                                                                                                                        |
| <b>Product type:</b>      | High precision tweezers                                                                                                                               |
| <b>Made in:</b>           | Switzerland                                                                                                                                           |
| <b>Description:</b>       | Type 26 high precision tweezers are suitable to delicate applications which require holding a robust component firmly while granting good visibility. |
| <b>Tip description:</b>   | straight, fine, pointed, strong, superior finish                                                                                                      |
| <b>Coating/finishing:</b> | Sandblasted                                                                                                                                           |
| <b>Body material:</b>     | Anti-Magnetic Anti-Acid Stainless Steel (SA)                                                                                                          |
| <b>Picture:</b>           |                                                                                                                                                       |

|                            |        |                       |
|----------------------------|--------|-----------------------|
| <b>Tweezer dimensions:</b> | OAL    | 135.0 mm – 5.315 inch |
|                            | Width  | 9.5 mm – 0.374 inch   |
|                            | Height | 12.0 mm – 0.472 inch  |

### Tip details:

|                        |               |                      |
|------------------------|---------------|----------------------|
| <b>Tip dimensions:</b> | Tip width     | 0.20 mm – 0.008 inch |
|                        | Tip thickness | 0.20 mm – 0.008 inch |
